

## WSPD 2026 – Email Signature

*In the run up to **WSPD 2026**, as part of our collective efforts to amplify this event, we invite you to add the WSPD signature banner to your email.*

*This simple step helps increase global visibility, spark meaningful conversations, and demonstrate our shared commitment to SPP.*

*Email signatures travel far beyond our immediate networks — each message becomes an opportunity to continue to grow our global community and to celebrate your participation.*

*Together, these small actions create powerful momentum for our community and the global movement we are building.*

*Please select the one that best applies to your needs.*

***Please do not change or adjust the image but feel free to add context if needed to frame your participation.***

***Where possible, please live link to: <https://spp.earth/world-sustainable-procurement-day/>***
